

With Every Smile

Adam's Road

My God, I don't know how to say it
But You know how I'm feeling inside
I feel blessed beyond measure
Oh, how I treasure her in my life

And I'm having a hard time calling her mine
'Cause I know she's Yours
I'm humbled that You've given her to me
To love and to cherish until You return

How she reminds me of You, with every touch

I can feel You near
I can see Your face
Every time I look into her eyes
Your unfailing love
Your warm embrace
Is all I feel with every smile

Jesus, You're the source of our salvation (Heb. 5:9)
You died for Your creation, each one of us (John 1:10)
We have surrendered ourselves to You
Obeying by our faith in Your redeeming blood

How I long to see You Jesus my King (Rev. 19:6)
You're coming soon, to You I sing (Heb. 9:28)

I can feel You near
I can see Your face
Every time I look into her eyes
Your unfailing love
Your warm embrace

Is all I feel with every smile

I've delighted myself in You
My prayer You have heard
You've granted me my heart's desire (Psalm 37:4)

My God, I fall even deeper in love with You and her, every day

I can feel You near
I can see Your face
Every time I look into her eyes
Your unfailing love
Your warm embrace
Is all I feel with every smile

All my loneliness is swept away
And Your love fills my empty life
Oh, Your peace is all I feel
With every smile
